Grill and Groove at Artsy Bodrum Loft

Artsy Bodrum Loft, located at the center of Bodrum Loft's social life concept this season, hosts a disco day titled "Grill and Groove" on July 25 in collaboration with Onur Kebap. Tables set around the fire and barbecue extend into late hours of the night with Dj Cielo's music selection.

Redefining the rhythm of Bodrum Loft throughout the season with its constantly transforming event structure, Artsy Bodrum Loft signs off on one of the most energetic gatherings of the season on **July 25**. Designed in collaboration with Onur Kebap, **Grill and Groove** brings together the fire and barbecue culture with the free rhythm of disco music on the same evening.

The program starting with dinner changes tempo in the later hours of the night, transforming into a dancing atmosphere. Artsy Bodrum Loft's multi-layered experience design extending from sunset to night is shaped on Saturday, July 25, with tables gathered around the barbecue and a constantly rising music flow.

TWO DAYS OF FIRE AND MUSIC

On the culinary side of Grill and Groove is Onur Kebap. Founded in Adana in 1990 by Master Şevket and serving as one of the iconic addresses of the city's kebab culture for over thirty years, Onur Kebap still works with its recipes from day one today. Meats cooked on wood fire, appetizers prepared fresh daily, and a culinary understanding that does not deviate from simplicity are the brand's signature preserved for generations.

Carrying its hearth in Adana to Istanbul with its branch at QNB Terminal Kadıköy and meeting Istanbulite kebab lovers in a short time, Onur Kebap is a guest at Bodrum Loft. The fire-based tradition of Adana cuisine comes together with the social and music-woven atmosphere of Artsy Bodrum Loft on this scale for the first time.

On the music side, Dj Cielo takes the stage. The selection starting with a soft foundation during dinner hours evolves into a disco and groove-heavy flow in the later hours; Artsy Bodrum Loft's self-rhythm-building structure is set entirely upon dancing.

With its experience-focused approach and constantly renewed event calendar, Artsy Bodrum Loft continues to be one of Bodrum's notable meeting points throughout the summer.

Bodrum Loft Accommodation:

Bodrum Loft prepares to offer a unique holiday experience to its guests with its understanding of sustainable luxury this year, as it does every year. Consisting of 36 villas, it is possible to stay at Bodrum Loft in both room and suite as well as villa concepts. Maintaining this concept for years, Bodrum Loft continues the tradition of spreading tourism in Bodrum across five months by offering different types of accommodation options.

When the villas are not used by long-term guests, they are offered to other guests with accommodation options through Bodrum Loft's unique reservation system. Bodrum Loft villas also aim to reach a wider audience with weekly and two-week short-term accommodation options. In addition, daily accommodation opportunities are also offered in certain months.

Featured in prestigious publications such as The Times, Tatler, Vanity Fair, Condé Nast Traveller, Time, The Telegraph, Forbes, Robb Report, and BOAT International, Bodrum Loft draws attention as one of the important destinations strengthening Bodrum's position in global tourism.
